

RIVERSIDE PRIMARY ACADEMY ADDITIONAL SPORTS FUNDING 2014-2015

As part of the Governments sports funding initiative, Riverside Primary Academy received £8760.

The funds were devolved as follows:

- £865 has been allocated to take part in the local School Sports Partnership.
- £1225 will be allocated to enhancing the school's sports resources
- £550 has been allocated to create a netball area/court including markings and sockets for hoops and nets.
- £4950 has been allocated to employ an apprentice (employment begins in September 2015*).

Impact:

- The induction into the School Sports Partnership (Gold Level) was a great success. It has enabled the children to experience competitive sporting situations and develop their skills and confidence in applying them. As a result of this, we participated in netball (Year 5/6), tag rugby (Year 5/6), hockey (Year 3) and football (Year 4, 5 and 6) tournaments, as well as a Year 2 multi-skills event. In comparison to last year this is a large increase and progress was evident during the lead-up to the events and the events themselves as it gave pupils' a sense of purpose and team-work.
- The investment in sporting resources has allowed an increase in the amount of equipment and as a result pupils are now able to spend more time practising skills during P.E. lessons. As they are now able to spend more time developing their skills, they are achieving higher levels of attainment in lessons.
- The development of a netball court has allowed pupils to develop their skills in game situations and to practise their shooting in a variety of ways. This has also allowed pupils opportunities to further develop during lunch time and golden time clubs run by Miss Smith. Consequently, they were able to enter a tournament and received a special mention for playing netball with a higher level of skill and knowledge compared to other teams.

Participation in Competitive Sport

During the Academic year 2014 – 2015, 37 pupils took part in competitive sport. Some of these pupils took part in more than 1 competition.

Participation in Non-Competitive Sport

16 pupils took part in playtime and lunchtime Tag rugby Club
12 Pupils took part in afterschool Gymnastic Club
12 pupils took part in afterschool Football Club
20 pupils took part in playtime and lunchtime Netball Club.

There is a planned carry forward of £1127
