

RIVERSIDE PRIMARY ACADEMY ADDITIONAL SPORTS FUNDING 2016 – 2017

As part of the Governments sports funding initiative, Riverside Primary Academy will receive £9075. This funding will be paid in two instalments.

- £5183 in November 2016
- £3892 in May 2017

The sports funding in 2016 – 2017 will be used to employ a part-time sports assistant who is a qualified sports coach. Additional funding from the school budget will be used to supplement the sports funding. The sports assistant is utilised throughout the school and has the following responsibilities and duties:

- To provide new and different sports clubs, as part of our wrap around provision, which engage more pupils in afterschool activities.
- To coach and upskill teaching staff as part of their professional development for Physical Education from Nursery to Year 6.
- To support the teaching and learning of sports and Physical Education.
- To facilitate and organise sports competitions with local schools.
- To provide sports activities and games for pupils during lunch time and break times to increase pupil engagement in sport and increase physical activity.
- Throughout all of this work promoting confidence, resilience and teamwork with our pupils.
- Development of sports leadership to ensure the continuous provision of sports.

Teaching staff will use their new skills to continue to promote sports and physical activity in teaching and use their increased knowledge from coaching CPD to improve the quality of teaching.

A greater number of pupils will have increased confidence and improved ability in sporting skills; pupils will be able to transfer these skills to other sports and curriculum areas.
