British Values - Embedded in our Ethos at Riverside Primary Academy

The DfE have reinforced the need "to create and enforce a clear and rigorous expectation on all schools to promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs." The government sets out its definition of British Values in the 2011 Prevent Strategy, and these values have been reiterated by the Prime Minister in 2014. At Riverside Primary Academy these values are taught across our curriculum and embedded in our ethos. All Staff will challenge opinions or behaviors in school that are contrary to fundamental British Values.

Teachers will explain and teach the values implicitly, pupils will have time to reflect what it means to them, all adults will model behavior and have knowledge of British Values.
