Dear Parent/Carers of our Year 6 pupils

**We'll Meet Again...**

As we are currently unaware just how long school will be closed for, we know a lot of our Year 6 children and parents are concerned that the end of year celebrations may be missed.

We are sincerely hoping that we will all be back together before the summer but if this is not possible, rest assured we will make some arrange for all of our Year 6 pupils to be invited back for a proper goodbye with all of their friends and teachers at some point in the future. (If necessary we will work with the secondary schools to facilitate this).

A special time will be arranged for our amazing Year 6 children to come together, spend time with friends and share all of the wonderful memories from their time at primary school.

Hopefully we will be in touch sooner rather than later, in the meantime, stay safe and keep working hard at home.

Yours sincerely.

Miss Fleming
