Dear Parent/Carers,

Dukeshouse Wood Residential Visit 2020

Thank you for taking the time a short while ago to complete our survey concerning your child's trip to Dukeshouse Wood. We noted all of your views and comments and the majority of our parent/carers had concerns about sending their child or show preference for their child not to attend.

In these very uncertain times, it has been difficult for us as a school to judge whether the trip would be viable and safe come September. Following the recent government guidelines regards schools reopening in September, we now know that residential trips will not be permitted.

Therefore, it is with regret that our Governors have requested that the trip be cancelled with the venue with immediate effect. Under normal circumstances, cancellations at this point would result in all initial deposits being lost. Please rest assured that you will receive a full refund of any monies paid in due course and ask for your patience with this.

All refunds will be returned to the card used to make the initial payments and will be processed by the school office team. We are very aware that in the current climate many families would be grateful to receive the refund ASAP.

We all share the disappointment that you and the children will be feeling at this time, but also know that you and they will wholly understand the need for this decision to be taken.

Kind Regards,

Mrs J Goodfellow
